Itinerary

Pre and Post | Garden Route 2021 |

Day 1 – Cape Town to Oudtshoorn |

Upon arrival at Cape Town International Airport guests will be met by an English speaking Tourvest DMC representative who will escort them to the transfer vehicle. Transfer to Oudtshoorn.

Oudtshoorn |

Surrounded by natural beauty, Oudtshoorn is situated at the foot of the majestic Swartberg Mountain range. Numerous rivers, streams and falls have their origins in the Swartberg, Outeniqua and Kamanassie ranges around the town. Amidst the 400 ostrich farms surrounding the town, three have distinguished themselves worthy enough to be named show farms. Get to know this exotic bird species, and, for the more adventurous, take an ostrich ride. The Swartberg Pass, between Oudtshoorn and Prince Albert, is one of the most sensational drives in southern Africa, declared a national monument. One of the world's great natural wonders, the Cango Caves, was sculpted by nature through the ages.

Cango Caves |

The Cango Caves near Oudtshoorn (approx. 30 km from town) are among the biggest stalagmite formations in the world. One can go for extensive subterranean walks in the widely branching caves. Some of the sandstone formations are even colourfully illuminated. The bizarre shapes in the caves are mainly composed of calcium carbonate. They develop as lime water drips from the stones and evaporates. The structures growing down from the cave ceiling are called stalactites, while those that grow from the ground to the top are called stalagmites. If both structures join together to build a column, this is called stalagnate.

Ostrich Farm |

Safari Ostrich Show Farm is an operating farm where visitors will see large flocks of ostriches at different stages of development in the surrounding fields. Visitors are assured of personal attention and upon their arrival are greeted by one of our multi-lingual guides who will, during the course of the tour explain every aspect of ostrich farming, from breeding to rearing. The tour starts in the breeding camp, with a nest of ostrich eggs, where the first stage of the ostrich life cycle is explained. Visitors will get the opportunity to test the strength of the eggs by standing on them - a great photo opportunity. During the breeding season visitors get to see ostrich eggs hatching in the incubator rooms. Visitors get to sit on an ostrich and those who are brave enough can even try their hand at riding one. Every tour ends with an "Ostrich Derby" where local jockeys display their riding skills. A highly entertaining and educational tour is guaranteed.

Knysna |

Afterwards guests continue to Knysna.

Knysna is one of the Southern Cape coast's best known holiday destinations, situated between lush forests and the shores of the peaceful lagoon - it offers many activities and attractions of a wide variety. The most well known attraction being the heads - two great sandstone cliffs guarding the mouth of the lagoon, which connects the estuary with the sea. Knysna has many attractions in the surrounding area as well, one of the most spectacular being the Knysna Forest, which is still evident in many places within the town as well. It is the largest indigenous forest in South Africa comprising of tall and ancient trees of local and exotic species, including stinkwood, yellowwood, blackwood, ironwood, white alders and Cape chestnut. Not forgetting the ferns, creepers and wild flowers, which add colour to this endless green collage. The forest is vast and extremely dense in places making it impenetrable. Animal life is limited to a few small antelope and a large variety of birds, such as the famous Knysna Loerie.

Turbine Boutique Hotel & Spa |

As recent as 50 years ago, Knysna's power was derived from a wood fired turbine, and ironically this power station was and remains a part of arguably the finest location along the garden route. Thesen Island as it is called is home to a collection of up-market homes linked to each other and the Knysna lagoon through a series of water ways. Several years ago an ambitious project to transform the power station into a boutique hotel began, the result of which is breathtaking in its 'industrial' mystique and the Turbine Hotel was born. Given the heritage status of the power station, most of the primary components were left in position and now form an integral part of the theme of the hotel. All room with individual décor and art, Split King XL beds and Flat screen 32" TV plus DvD player - full DvD library. Telephone plus internet facilities available in all rooms. Original equipment display with original art decorate the hotel and rooms.
